The Ruche

Located on the first floor of the A2 building, inside the [university Literature library](#) [<http://scd.univ-poitiers.fr/vos-bibliotheques/campus-de-poitiers/bu-lettres-783331.kjsp?RH=1378641055033>], the “Ruche” gives you an innovative and original place to work on the Poitiers campus.

This place is designed as a training and resources center, offering conviviality, activities and support as a place for discovery and experimentation, meetings and exchanges about collaborative work, especially around digital culture and information skills. It is also dedicated to exhibiting University productions (students work, research and audio-visual production) and supporting new pedagogical practices.

The “Ruche” is here for the university community, especially teachers willing to use resources during there classes. It is also a place dedicated to users formation around research and quality of information.

You can download a presentation leaflet (in french) : [version étudiant-e-s \[PDF - 3 Mo\]](#) [
